Fellow Tartans,

What an incredible six months it has been since our last newsletter. The energy at our first Choralaire Reunion in years was absolutely electric. Seeing more than 80 of us back onstage together was a moment I will not forget. Each decade was well represented, and we were even honored with the presence of one of our original Choralaires! A heartfelt thank you goes to Mrs. Crisci for her leadership and support. After the performance, we kept the celebration going with a perfect evening at The Loft at Mohawk Taproom. If you missed it, don't worry, we loved it so much that we are officially doing this again in 2026.

We are putting together some fantastic alumni events for Homecoming on October 24. You can kick off the morning with us for a nostalgic walk down memory lane during a tour of the high school. After the game, we'll gather at Hometown Pub and Grub for some Tartan-themed cocktails and live music from some of our incredibly talented alumni.

On a deeper note, my heart is so full to share that we officially awarded our first-ever staff grants this year. This was one of the core reasons we founded the SGAA. The response was overwhelming, with far more applicants than we could actually fund, which just shows how much passion there is in our schools right now.

I truly hope to catch up with each of you soon. If you make it out for Homecoming, please swing by our table to say hello. I would love to see your face and catch up in person!

Yours in Tartan Pride,

ALUMNI SPOTLIGHT

Senior Picture

JESSICA CRISCI '97

Elementary School: Lincoln

Favorite Teacher: Impossible to name one! I was blessed to have amazing teachers throughout. My first grade teacher, Miss Prioetti, Mrs. Cassady (never had her as a teacher but I took a summer improv class with her, and it was amazing), Mr. Drew (of course!!!), but honestly - I could name almost every teacher I ever had and say something wonderful about them. I always felt loved and supported, and I felt a wonderful connection to the school community.

How do you define Tartan Pride?: It's accepting that times are changing, but we can (and should) still hold onto some of the traditions that make us special. It's cheering on our athletes, musicians, artists and scholars as they pursue the disciplines that excite and inspire them! At the end of the day, it's knowing that this truly is home.

Fondest Memory of SG: So many, but I would say probably getting to portray the role of Anna in "The King and I" my junior year. That was really special.

Advice for Current Students: Do SOMETHING! Don't go home and sit on your phones or just play video games. Get involved with a club. Try a new activity. Join a music group. Audition for the musical. Do some volunteering. Those are the kinds of things you will look back at with the greatest fondness!
